These **Terms and Conditions** pertain to the granting of commission credits (trading fees) to clients onboarded at Saxo Bank (Switzerland) Ltd. via affiliate or sponsored channels as part of Saxo Bank Switzerland's Promotional and Marketing activities.

### General conditions of the offer

Saxo Bank will reimburse up to CHF 200 in commission credits to clients who opened an account with Saxo Bank (Switzerland) Ltd. using a bespoke affiliate or sponsored link and funded their accounts within 30 days following account opening.

All other trading and account-related costs will continue to be charged at the regular and current rates. Clients also remain subject to the payment of usual and applicable taxes.

### What are commission credits?

Commission credits are credits you receive to cover your trading fees free of charge. You will get commission credits for up to CHF 200 to cover your costs when trading Stocks, Bonds, ETFs, Futures and Options.

### How it works

#### 1. Open an account with Saxo

You will receive commission credits regardless of your account tier (Classic, Platinum or VIP).

#### 2. Place trades

#### 3. Get your commission costs refunded

Any trades you've placed that qualify for reimbursement of trading fees (costs related to either Stocks, Bonds, ETFs, Futures or Options) will be refunded to your account at the end of each trading day. The refund will be made to your account in cash and in the currency of your main account.
